Pemberton Greenish reappointed to advise garden square committees

Pemberton Greenish has recently been reappointed by The Royal Borough of Kensington and Chelsea to continue their work with the garden square committees for the next three years.

For the past three years, Pemberton Greenish have been retained by The Royal Borough to advise the committees that run the 50 or so garden squares within the Borough. During that time, they have worked with many garden committees and have been able to help them with a variety of legal problems, dealing with such diverse issues as to how to restrain ball games, deal with boundary disputes and assisting with fundraising to pay for replacement of iron railings.

Robert Barham, managing partner at Pemberton Greenish said, “We are delighted with this appointment, which permits us to continue our work with local garden committees and to play our part in helping to maintain this distinctive characteristic of the local area.”

“During the last three years we have become expert in the operation of the two obscure pieces of legislation which govern these squares, the Kensington Improvement Act 1851 and the Town Gardens Protection Act 1863.”
